****

I authorize treatment deemed necessary by the health care providers of Psychological Health- Roanoke.

I authorize Psychological Health-Roanoke to release to my health plan any and all information which it deems necessary regarding my care and treatment to ensure prompt payment of all charges for services provided. I hereby assign the payment of all insurance benefits to Psychological Health- Roanoke for any and all charges incurred in connection with services provided to me. I also consent to a copy of this authorization and assignment being used in place of the original.

I understand fully that I remain responsible to pay Psychological Health-Roanoke for all charges not paid by either my insurance companies and/or employer, subject to the rules of any federal or state health insurance program such as Medicare or Medicaid, or to other contractual provisions that may limit a patient's responsibility to pay for medical costs and services. **Payment shall be due within thirty days of receipt of a statement.**

Insurance companies require us to collect applicable co-payments at every visit. If a co-payment is missed, it is to be paid at your next visit. Failure to pay two consecutive co-payments may result in your not being able to schedule future appointments until paid.

A quote of benefits and/or authorization does not guarantee payment or verify eligibility. Payment of benefits are subject to all terms, conditions, limitations, and exclusions of the member's contract at time of service.

Your health insurance company will only pay for services that it determines to be "reasonable and necessary." Every effort will be made by this office to have all services and procedures preauthorized by your health insurance company. If your health insurance company determines that a particular service is not reasonable and necessary, or that a particular service is not covered under the plan, your insurer will deny payment for that service. You are responsible for being aware of your insurance benefit coverage.

I understand that my health insurance company may deny payment for the services identified above. If my health insurance company denies payment, I agree to be personally and fully responsible for payment. I also understand that if my health insurance company does make payment for services, I will be responsible for any co-payment, deductible, or coinsurance that applies.

In consideration of the services rendered and to be rendered pursuant to my request for medical services from Psychological Health- Roanoke, I hereby waive any right to a jury trial should Psychological Health-Roanoke have to file suit to collect my account.

We ask that you give 24 hours' notice if you intend to cancel an appointment. Appointments cancelled with less than 24 hours' notice and missed appointments will result in a mandatory $25 fee unless there is illness or an emergency. Your therapist may also bill you an additional fee. Your insurance will not pay for missed or cancelled appointments. Please discuss this policy with your therapist.

METHODS OF PAYMENT:
Our office accepts the following payment methods: Cash, Personal Check, and Credit/Debit Cards.
For returned checks we assess a $50.00 NSF charge and report to the local Commonwealth attorney's office checks that are not paid within 2 weeks of being returned to our office.

If fees are not paid, you understand that our office reports all accounts 90 days in arrears to an outside collection agency. If your account is turned over for collections, the amount due will include the balance owed plus all collection agency and attorney's fees. You agree to pay these fees should your account be turned over to collections.

The parties agree that all claims, disputes, and other matters of action shall be brought within and decided in the Commonwealth of Virginia.

You agree for us to service your account or to collect any amounts you may owe and that we may contact you by telephone at any number associated with your account. We may also contact you by sending text messages or emails, using any email address you provide to use. Methods of contact may include using pre-recorded/artificial voice messages and/or use of an automatic dialing device, as applicable. I/We have read this disclosure and agree that the Lender/Creditor may contact me/us as described above.

Informed Consent for Telehealth

This informed consent for telehealth contains important information focusing on therapy by using the phone or the Internet. Please read this carefully and let me know if you have any questions. This signed document represents an agreement between us.

Telehealth services allow the client and clinician to engage in services without being in the same physical location. Both the clinician and the client must be located in Virginia during the scheduled session, unless otherwise agreed upon ahead of time. Because the telehealth sessions take place outside of the therapist's private office, there is potential for other people overhearing sessions if you are not in a private place during the session. Therefore, you should participate in therapy only while in a room or area where other people are not present. On my end I will take reasonable steps to ensure your privacy.

When you completed your initial paperwork for Psychological Health Roanoke, you identified an emergency contact person. If an emergency were to arise during the therapy session, I will contact that individual in the event of a crisis or emergency to assist in addressing the situation. If the session is interrupted for any reason and you are having an emergency, do not call me back; instead, call 911 or go to your nearest emergency room. Carilion Clinic has the Connect program (540-981-8181 or 800-284-8898) for psychiatric emergencies. Call me back after you have called or obtained emergency services.

Please contact your insurance company prior to engaging in telehealth sessions in order to determine whether the sessions will be covered. Our financial office can provide assistance with this.

The telehealth sessions shall not be recorded in any way unless agreed to in writing by mutual consent. This agreement is intended as a supplement to the informed consent that we agreed to at the outset of our clinical work together and does not amend any of the terms of that agreement. Your signature below indicates agreement with its terms and conditions.
